

ATTENTION GALLOWAY TOWNSHIP BUSINESSES AND OFFICES:

A reminder that it is **THE LAW TO RECYCLE**. In accordance with Township Ordinance 996, each commercial business and each institution must arrange for the collection of source-separated trash and recycling.

RECYCLING INSPECTIONS ARE ONGOING.

This shouldn't, however, be looked upon as a burden; many companies in Galloway Township have found that by recycling effectively and reducing materials that would otherwise become trash, they can actually realize a substantial savings.

IT'S GOOD BUSINESS TO RECYCLE!

Galloway Township Community Education Division of Community Services offers assistance in helping you to refine your recycling program.

There are several guides available, including:

“Business Recycling in Galloway Township”

“Restaurant Waste Reduction and Recycling”

“Hotel / Motel Manager’s Guide to Greening”

“Multi-Family Property Manager’s Guide to Recycling”

“Green Business Assessment”

***Please call us at 652-3700 ext. 209 or email bfiedler@gtnj.org for assistance
or to receive a copy of any of these publications.***
