MASTER GARDENERS AT THE GALLOWAY COMMUNITY GARDEN

It was a beautiful Wednesday evening filled with lively conversation at the Galloway Community Garden. Mona Bawgus, Rutgers Agricultural Program Associate and coordinator of the Atlantic County Master Gardener's Program and two others from the program met with garden participants and potential participants to answer questions and evaluate their successes (and a few failures) at the garden. These occasional gatherings are always fun and informational.

This event was co-sponsored by Rutgers Cooperative Extension* and Go Green Galloway.

*Rutgers Cooperative Extension is an equal opportunity program provider and employer. Contact your local Extension Office for information regarding special needs or accommodations. Contact the State Extension Director's Office if you have concerns related to discrimination, 848-932-3584.
