We all love food. As a society, we devour countless cooking shows, culinary magazines and foodie blogs. So how could we possibly be throwing nearly 50% of it in the trash?

Filmmakers and food lovers Jen and Grant dive into the issue of food waste from farm, through retail, and all the way to the back of their own fridge. After catching a glimpse of the billions of dollars of good food that is tossed each year in North America, they pledge to quit grocery shopping and survive only on discarded food. What they find is truly shocking.

There will be a brief discussion about the film following the screening.

Please join us for this FREE event. There will be light refreshments, including Fair Trade coffee donated from Starbucks.
