

**P**ick up after your pets. Animal waste contains a high concentration of nutrients as well as bacteria and disease-causing microorganisms that can cause health concerns. Galloway Township has adopted Ordinance #1634 of 2005 a State-mandated law that requires pet owners to immediately and properly dispose of their pet's solid waste from any public or private property other than their own. Many public areas now have bag dispensers for pet waste collection. Any questions about the Township's Ordinance about pet waste call 652-3700 x255.
